Rick Boucher
9th District
Virginia

House of Representatives

April 21, 1997

Federal Election Commission
999 E Street, NW
Washington, D.C. 20463

Re: Boucher for Congress
Identification Number: C00178418

Dear Sir or Madam:

Please be advised that future correspondence to the Boucher for Congress campaign committee or its Treasurer, Mr. Fred W. Parker, from the Federal Election Commission should be sent directly to the Committee's post office box rather than its street address. The committee's mailing address is:

Boucher for Congress
Fred W. Parker, Treasurer
P.O. Box 2000
Abingdon, VA 24212

At the present time, the campaign committee's mail from the Federal Election Committee is being delivered to our Treasurer at his business address rather than his campaign mailing address of P.O. Box 2000. Not only is it inappropriate for Mr. Parker to receive correspondence unrelated to his professional responsibilities at his place of business (he is Treasurer of Washington County, Virginia), it also causes unnecessary confusion and delays for the campaign committee.

For your information, the FEC has been addressing its mailings to Mr. Parker at the campaign street address of 188 E. Main Street. However, since the campaign does not staff an office at that street address during non-election years, the post office has been delivering the campaign mail to Mr. Parker at his office which happens to be in the building next door - 174 E. Main Street. Such is the character of small town living.

On FEC Form 1 which Mr. Parker submitted to you dated August 26, 1996, he indicated that his mailing address for the campaign is P.O. Box 2000. Please send all future correspondence to him and the Boucher for Congress Committee to the mailing address listed above (P.O. Box 2000 Abingdon, VA 24212).

Thank you in advance for your assistance. Please give me a call at (540)628-7197 if you have and questions or if you need additional information.

Sincerely,

Deirdre S. Goldsmith
Deirdre S. Goldsmith
Assistant Treasurer
